| 1. Needed more time to practice-esp. the first day material | Thu, Jun 18, 2009 11:21 AM | Find... |

I found the program to be very challenging-it would take be a great deal of time and practice to get comfortable with it. If I just pick one small feature, I think it will be useful to my work.

| 3. Everyone should have some minimal ability
Also, people should pay attention during parts they think they are familiar with. A good deal of time was last playing catch up as the instructor had to reexplain what he just did because someone was not paying attention. | Mon, Jun 8, 2009 9:28 AM | Find... |
| 4. They were long days - wish we could have shorter sessions with hands-on following | Mon, Jun 8, 2009 9:25 AM | Find... |
| 5. I needed more practice for topics covered the first day.
For me, half day sessions are best for learning. | Mon, Jun 8, 2009 8:45 AM | Find... |
| 6. Although we covered a lot of material, it was difficult to retain some of the information shared at the end of the day. It may have been better to have sessions in the morning only during a week's time frame. Unfortunately, this is not very practical when we have an instructor under contract. | Mon, Jun 8, 2009 8:26 AM | Find... |
| 7. The chairs creaked whenever we moved. | Fri, Jun 5, 2009 3:29 PM | Find... |
